From the 7th until the 10th of June 2016, the 6th edition of the Smart City Event will take place in the Amsterdam Arena. The Smart City Event has the mission to bring together the diversity of stakeholders from all over the world concerning the development of smarter cities. The event hosts various cities, system operators, energy companies, industrial organizations and technological parties. They come together to share knowledge on how to achieve a Smart City.

Almost 800 international parties from 30 different countries attended last year. The real focus point is to share knowledge on how to achieve a Smart City and realize Smart City projects. Projects that cities have already implemented.

- Participants from all over the world (last year more than 30 nationalities)
- College Tours with Keynote Speakers about Sustainable Energy, Big Data Revolution, Urban Leadership
- More than 27 Round Table sessions from international cities.
- Bootcamps Mobility, Open Data, Energy, Lighting, Circular City and Smart Security
- Exhibitors and start-ups on the Innovation Playground
- High level master classes
- Inspiring excursions to Amsterdam and Rotterdam
