Smart City Expo USA

04 Oct. 2023
05 Oct. 2023

Lead Your City into the Future

In 2023, Smart City Expo USA will host a 2-day conference and expo in New York City (NYC) focused on building smart, equitable, and sustainable 21st century cities for ALL. Smart City anticipates 3,000+ visitors with 300+ government officials to be in attendance at Pier 36 in NYC with featured speakers including New York City Mayor Eric Adams, City of New York CTO Matthew Fraser, and Uncharted Founder and CEO Jessica O. Matthews to name a few.

Smart City Expo USA is convening leaders in tech and innovation, government, finance, infrastructure, and equity, focused on digital transformation, next-gen infrastructure, mobility, electrification, cybersecurity, public safety, workforce development, STEAM, fintech, blockchain, AI, big data, broadband, climate change, edge technology, affordable housing, healthcare, and so much more.
