Metropolis is a Smart City Expo World Congress Ecosystem partner

Held in Barcelona since 2011, **Smart City Expo World Congress (SCEWC)** is the world's biggest and most influential event for cities and urban innovation. Every year, SCEWC brings together leaders from global companies, governments and organizations to move cities towards a better future. The Congress goal is to collectivize urban innovation across the globe and empower cities to tackle the critical challenges facing them today.

Smart Cities is on a mission to **accelerate a brighter urban** paradigm towards green, efficient and thriving cities that leave no one behind.
