The fifth edition of the UCLG Retreat & Campus will take place in Barcelona from 11 to 15 February 2019.

The fifth edition of the UCLG Annual Retreat & Campus will bring together most of the members and partners of the Global Network of Cities, Local and Regional Governments. Distributed by areas of work, the discussions will allow to align the lines of work of both organizations and to identify possible spaces of common work.

In this regard, this five-days meeting and discussion opens a path of stronger collaboration from Metropolis, which operates as the metropolitan section of UCLG.
