Sustainable Urban Management training program

22 Sep. 2019
29 Sep. 2019

This training program will provide city officials with an opportunity to enhance capacities in the urban management with a focus on making cities more sustainable. Using the support of successful practices, participants will learn from experts and peers in the related area. This training course will also be a good occasion to give a venue for city-to-city cooperation in building resilient cities.

The specific purposes of the course are:

- To construct sustainable cooperative relations in the field of urban management through Seoul's best policy and practice
- To provide an opportunity to share Seoul's policy in urban management in the field of urban development & regeneration.
- To share Seoul's housing policy
