Smart City Expo World Congress (SCEWC19)

19 Nov. 2019
21 Nov. 2019

For the second consecutive year, **Metropolis is a supporting institution** of Smart City Expo World Congress (SCEWC), the world's leading event for cities, which provides a unique meeting point for the whole smart city ecosystem.

In 2018, SCEWC brought together 21.000+ professional visitors, 844 exhibitors, 700 cities and 400+ world-class speakers to share their vision on what makes a city liveable and how can we seize technology to build more sustainable, efficient and inclusive cities.

This year, at its 9th edition and with the motto "**Cities made of dreams**", SCEWC aims to be the meeting point to encourage all the stakeholders, ranging from technology industries through to policy-makers and entrepreneurs, to engage in dynamic action to enable a sustainable and inclusive future to take hold.

Join the metropolitan discussion and take part in the following sessions:

Nov 19 14:30h - 15:30h Urban sustainability exchange

Nov 20 15:00h - 18:00h Digitalization of Metropolitan spaces

Nov 21 11:30h - 12:30h Energy governance
