UN Environment Assembly - Summit for local and regional governments

11 Mar. 2019
15 Feb. 2019

The High-Level Segment of the fourth session of the UN Environment Assembly will focus on innovative solutions for environmental challenges and Sustainable Consumption and Production guided by the Executive Director's Report on the theme. The 2019 UN Environment Assembly will contribute towards a holistic, inclusive, and participatory approach to development that is underpinned by human rights and recognizes the interlinkages and integrated nature of the 2030 Agenda and the Sustainable Development.
