The central axis of this project is to promote the exchange of successful experiences for citizen participation and generate knowledge that allows its strengthening in the metropolises. An analysis of the policies carried out in the different municipalities of the project will be done.

Goals

- Strengthen citizen participation in metropolises as an essential part of the right to the city.
- Increase the institutional capacities of the metropolises for the construction of more cohesive and inclusive cities.

Calendar

Madrid 30-31 October 2019: 1st workshop
