Climate Change Adaptation - Strategies, Actions and Challenges

20 Jun. 2016

Documents:

The third workshop of the Climate-Metropole + initiative aims to present and discuss the main challenges and actions of Liverpool City Region to adapt to climate change, and will combine presentations and tours to show how climate adaptations measures have been implemented.

The No Regrets Charter will be presented as well as an update on developments in each city (Barcelona Metropolitan Area, Berlin Metropolis, Liverpool City Region and Grand Lyon) against the Charter. Finally, the next steps of the project (Barcelona workshop and future opportunities for collaboration) will also be discussed.
