Documents:

The 8th annual World Cities Summit Mayors Forum will be held in the City of Suzhou, China, from 17th to 20th May 2017. The city of Suzhou is also the third Laureate of the Lee Kuan Yew WorldCity Prize. As CLC's valued partner, we cordially invite you to join us at this important gathering of city leaders from around the world.

Organised by the Singapore government, the Mayors Forum is a flagship event of the biennial World Cities Summit. It is an exclusive, by-invitation-only global platform for city leaders to discuss pressing urban challenges and share best practices. Since its inauguration in Singapore in 2010, it has been attended by more than 250 cities worldwide and well-supported by leaders from the private sector, academia, international organisations and foundations.

The Forum will be guided by the theme "Liveable & Sustainable Cities: Embracing the Future through Innovation and Collaboration". Through the Forum, city leaders will be able to share their experiences in tackling urban challenges through technology and policy innovations, while co-creating solutions with businesses and citizens. The City of Suzhou is an ideal venue for these conversations to take place, and we look forward to your contributions in shaping more effective urban policies and sustainable pathways for the future.
