Forum Smart City Bordeaux 2017

18 May. 2017
smartcitybordeaux.latribune.fr

The **3rd edition of the Smart City Forum Bordeaux** is devoted to the theme "Serenity and Trust, the happy city". Indeed, the success of the Smart City is none other than the well-being and well-being together of the inhabitants of the territory. The Forum will focus on the metropolis dynamics to develop a bond of trust between citizens and governance, as well as the pride of building projects together to improve, day after day, the quality of life.

Everywhere on the planet, the evolutions of the intelligent city today aspire to the happy city, the Happy City, one of its main virtues.
