Metropolis looks forward to welcoming you in New Delhi 23 - 25 May 2018 to the Smart Cities India Expo 2018 of which Metropolis is a global institutional partner.

The event provides an opportunity for Metropolis members and international partners to engage with cities in India, various governmental and non-governmental organisations and institutions, to work towards future exchanges, collaborations and partnerships.

During the event, a team of the Metropolis Secretariat General will be present in New Delhi to assist members and partners with bilateral and multilateral meetings and discussions.
