Mobile Week Barcelona

17 Feb. 2018
<http://mobileweekbcn.com>

Mobile Week Barcelona, event of Mobile World, is an open space for reflection around digital transformation through art, science and technology in order to come up with the challenges, limits and opportunities of digital mindset immersed in our culture.

Mobile Week Barcelona brings together artists, scientists, philosophers, engineers, and industry professionals into an open initiative for all citizens and spread around the city.

The Future of Today is the theme of this event that will take place between 17 and 24 February 2018 and aims to promote debate and participation of citizens in relation to the daily future of today's society.
