

Metropolis Energy GovernAnce (MEGA)

Governance in the energy transition towards a low carbon society in metropolitan areas

Fact Finding Workshop 'Governance & energy'
23-24 November 2017

The first workshop of the *MEGA* initiative will be held in Lyon, in combination with the 5th Energy Climate Conference and 3rd seminar of the Energy Masterplan which takes place on 23rd November at the Musée des Confluences. This conference aims to present to the Grand Lyon territorial partners:

- The Territorial energy-climate plan concerning energy greenhouse gas emission reductions;
- The way Grand Lyon plans to develop the next territorial energy-climate plan based on the Energy masterplan;
- the 4 scenarios of Grand Lyon possible energy futures that are being developed as decision support tools.

After the conference, at 15:00, there will be a visit for the MEGA project partners to the Confluence district.

Taking advantage of the conference organised by Grand Lyon, the MEGA partners will learn how Grand Lyon develops and implements its territorial energy climate plan through the different presentations held on 23rd November.

On Friday 24th November, the MEGA workshop is aimed at discussing in detail the project aims and objectives as well as the next steps. The main challenges, actions and plans faced by the different partners in the MEGA project regarding governance and low carbon energy society will be presented and discussed as well as good practices (strengths) and practices which have potential to be improved (weaknesses). The output of the workshop will include an action plan for future workshops in the other partner cities (Montevideo and Barcelona).

November 23: 5th Energy-Climate Conference & 3rd seminar of the Energy Masterplan

Location: Musée des Confluences, 86 quai Perrache, Lyon

8:30	<i>Welcome Coffee</i>	
9:00	Conference's Introduction	Grand Lyon
9:20	Roundtable "buildings, energy, infrastructures"	
10:00	Roundtable "transportation and enterprises"	
10:30	<i>Coffee break</i>	
10:45	Adaptation to climate change	
11:15	Energy Masterplan's scenarios	
12:00	Conclusions and plan signing for the 17 new partners	
12:30	<i>Cocktail at the conference</i>	
14:00	Energy masterplan's workshops	
15:00	Field Trip : Confluence district Urban planning project's presentation and visit of the entire positive energy block HIKARI in Lyon Confluence Technical installation, offices space, control system for energy management available to residents	SPL Lyon Confluence / Toshiba / Bouygues
17:30	Musée des Confluences' visit	
18:30	Free time	
19:30	<i>Dinner (La table 101, 101 rue Moncey 69003 Lyon)</i>	

November 24: MEGA Workshop

Location: Skyroom, Tour Oxygène, 10-12 Boulevard Marius Vivier Merle, 69003 Lyon

8:30	Brief introduction of Metropolis and pilot projects in 2017	Guillaume Berret, Metropolis
8:45	Presentation of the MEGA project, feedback from the survey on key topics from partners	Gil Lladó, Metropolitan Area of Barcelona & Meritxell Martell, Merience
9:15	Background of the Grand Lyon energy plan including a presentation of Artelys Crystal City (pending Questions & Answers)	Pauline Gabillet, Grand Lyon
9:45	<i>Coffee break</i>	
10:00	Montevideo: legal framework, energy projects of interest, main challenges, good & bad practices ...	Maria Agustina Romero, Intendencia de Montevideo
10:30	Barcelona: legal framework, energy projects of interest, main challenges, good & bad practices, etc	Gil Lladó, Metropolitan Area of Barcelona
11:00	Presentation of the Metropolitan housing's energy refurbishment program "Ecoreno'V"	Pauline Gabillet & Luce Ponsar, Grand Lyon
11:30	<i>Discussion: topics to be defined after the completed survey What can be learned from the practices presented? What can be transferred to other cities and which are the obstacles (legal, economic, cultural...)?</i>	All (Plateaux repas)
13:30	<i>End of the workshop</i>
