**MONGOLIA SUSTAINABLE DEVELOPMENT VISION (MSDV) - 2030**

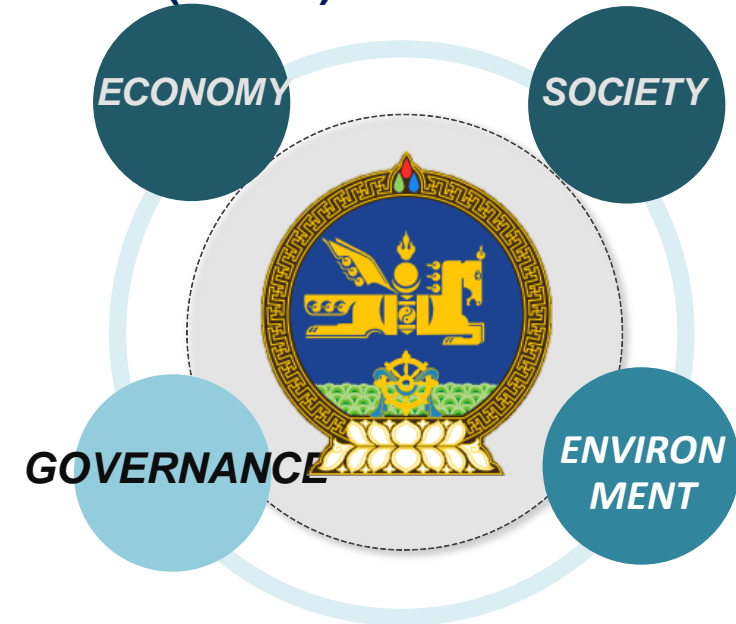

**2015-2030**

**17 goals**

**169  
targets**

**244  
indicators**

**4  
chapters**

**44  
targets**

**20  
indicators**

Approved by State Great Khural Resolution 19 in February, 2016.

Three pillars to achieve: **economic**, social and environmental.

- **SUSTAINABLE ECONOMIC DEVELOPMENT**

- The development of agriculture, industry especially light and food industry, construction materials, copper processing, coal, fuel-chemicals, lead processing plants, tourism, mining and extractive industries will be as the highest priority and energy and infrastructure sectors will be developed as the lead sectors.

Three pillars to achieve: economic, **social** and environmental.

- **SUSTAINABLE SOCIAL DEVELOPMENT**

- The objective will be to ensure gender equality, improve the quality of and access to health care services, create a healthy, safe living environment for the citizens, improve public awareness on health education, provide equal education of high quality to every citizen, build a national system for lifelong education, end all forms of poverty, and increase the share of middle income classes sustainably and consistently

**Three pillars to achieve: economic, social and environmental.**

- **ENVIRONMENTAL SUSTAINABILITY**

- The objective is to ascertain inclusive economic growth and sustainable social development, and provide the fundamentals of improving the quality of people's lives by efficiently using natural resources, preserving the sustainability of the ecosystem, and creating opportunities to benefit from natural resources in the long-run

## “SDGs ADAPTATION IN ULAANBAATAR CITY” PROJECT

### PROJECT OBJECTIVE

COOPERATION

The objective is support the implementation of Mongolia's Sustainable Development Concept – 2030, and Sustainable Development Goals through the methodology, which includes the institutional structure development, baseline indicators and targets identification, financial solution and monitoring system.

## “SDGs ADAPTATION IN ULAANBAATAR CITY” PROJECT

### EXPECTED RESULTS

**RESULT 1:** Developed institutional structure that is responsible for general assistance in reaching MSDV-2030/SDGs (for example, Ulaanbaatar city Sustainable Development Committee) .

**RESULT 2:** Established framework of policy, planning, monitoring and reporting in MSDV-2030/SDGs implementation by making clear the connection between the policy and planning documents sequence.

**RESULT 3:** Developed the financial strategy including the methods and options to stabilize the project funds.

## “SDGs ADAPTATION IN ULAANBAATAR CITY” PROJECT
